Four Pillars of Community Schools

California Community School Framework

4 Pillars

1. **Expanded learning time and opportunities**
2. **Integrated student supports**
3. **Collaborative leadership and practices**
4. **Active family and community engagement**

4 Key Conditions of Learning

1. **Supportive environmental conditions that foster strong relationships and community**
2. Productive instructional strategies that support motivation, competence, and self-directed learning
3. Social and emotional learning (SEL) that fosters skills, habits, and mindsets that enable academic progress, efficacy, and productive behavior
4. System of supports that enable healthy development, respond to student needs, and address learning barriers

4 Cornerstone Commitments

1. **A commitment to assets-driven and strength-based practice**
2. A commitment to racially just and restorative school climates
3. A commitment to powerful, culturally proficient and relevant instruction
4. **A commitment to shared decision making and participatory practices**

4 Proven Practices

1. **Community Asset Mapping and Gap Analysis**
2. A Community School Coordinator
3. **Site-Based and LEA-Based Advisory Councils**
4. **Integrating and Aligning with Other Relevant Programs**

8 Community Schools Liaisons

ECS Community Schools:

A community school is a "Whole-Child" school improvement strategy where the local educational agency and schools work closely with teachers, students, and families.

Community Schools partner with community agencies and local government to align community resources to improve student outcomes.

Vision:

ECS Community Schools support schools as hubs of health and learning that promote the interconnected relationships of children, families, and community partners.

These relationships are honored by building partnerships and culturally responsive supports that:

- Care for each student's social and emotional wellbeing
- Physical and mental health
- Academic achievement

Vision Continued:

Building awareness and responsiveness to the cultural richness of our ECS community, child and family-centered partnerships are formed to honor the strength of families, schools, and the greater Eureka community.

This is achieved by providing culturally responsive, evidence-based teaching practices and support for all students and staff, with value placed on social-emotional learning and restorative practices, meeting the whole-child needs of every ECS student.

Goal 1:

Improve student attendance to increase student academic achievement. As per the CA School Dashboard 22/23 data, 34.1 % of ECS students struggle with chronic absenteeism and the barriers that prohibit students from attending school. Thus, at each school site, chronic absenteeism will be addressed.

Goal 1:

These actions include:

- Hiring and training of a Community School's Liaison at each school site. Community school liaisons will work in partnership with site social workers to address 4 Pillars of Community Schools.
- The Community Schools Liaison role will include:
 - Attend weekly site MTSS meetings to identify and ameliorate barriers to student success utilizing site social worker to identify actions including:
 - Parent contact, home visits, establishing community partnerships to provide family support

Goal 1:

These actions also include:

- Utilize the *Check and Connect* student engagement model to support identified McKinney-Vento students at each school site and submit weekly attendance reports to the LEA McKinney-Vento youth coordinator
- Coordinate with Community Partners to increase student health and well-being outcomes

Goal 2:

Increase student and family sense of belonging to increase social and emotional well-being and increase health outcomes. Using the data from the 22/23 LCAP the following measures will be utilized to measure connectedness and belonging.

Goal 2:

These actions include:

- Writing and distribution of a monthly Community Schools Newsletter in both English and Spanish that focuses on the 4 Pillars of Community Schools *example
- Coordinate with site principals to increase family engagement attendance through quarterly site events that are student and family-generated, monthly PTA, ELAC, and Site Council meetings

Goal 2:

These actions will also include:

- Develop site Community School Advisory Council teams that are governed through the School Site Council.
- Implement district-wide Empathy Interviews
- Develop student-led student leadership opportunities through the development of student-generated and led clubs and activities that center community partnership and participation

Goal 2:

These actions also include:

- Implementation of district-wide Universal SEL Screeners for TK-12th grade students. Social Workers/MTSS teams at each site will analyze data to determine individual/group needs and implement support
- Hiring of Community Schools Organizer to coordinate Community Partnerships with local county, city, and non-profit agencies to coordinate district and site partnerships to align with LCAP and CCSPP Initiatives

Goal 2:

These actions will also include:

- In collaboration with the ECS Wellness Center Coordinator and 2 Federal Mental Health Grants:
 - Development of Well Space/Wellie Space at each TK-12th grade school site
 - provide student-centered Well Space at each TK-12 grade campus.
 - Hiring and training of School-based Social Workers
 - Coordinated Partnership with CalPoly Humboldt SW Program to support site Social Work interns at all ECS Community Schools

Goal 3:

Improve academic outcomes for student groups, as ECS is eligible for Differentiated Assistance (DA) Comprehensive Support & Improvement (CSI)- the same student group(s) are in the lowest performance category in at least two different LCFF priority areas. ECS Community Schools will provide culturally responsive, evidence-based practices and support for all students and staff, with value placed on social-emotional learning (SEL) and restorative practices.

Data from the 13 CA Dashboard student groups:

- African American
- American Indian
- Asian
- English Learners
- Filipino
- Foster Youth
- Hispanic
- Homeless
- Pacific Islanders
- Socioeconomically Disadvantaged
- Students with Disabilities
- Two or More Races
- White

Goal 3:

These actions include:

- Establishment of Multi-Tiered Systems of Support Teams at each School Site
- Utilize the Beyond SST software with Student Study Teams district-wide
- Re-launch of Positive Behavior Interventions and Support district-wide
- Hiring and training of Restorative Practices Support Specialists at each site

Goal 3:

The Restorative Practices Support Specialist job will include:

- Providing Community Building Restorative Circles and Restorative Conversations both in and out of the classroom
- Responding to teacher request for Tier 2 classroom support for individual students
- Providing restorative support at school on playgrounds, during student recess, and during non-classroom time including passing periods and breaks
- Coordinating with site administrators to provide support to identified classrooms
- At the direction of the site principal, collaborating restoratively with students and families

Goal 3:

These actions also include:

- Hire a highly-skilled Teacher on Special Assignment to support site-identified Tk-8th grade teachers with Social Emotional Learning 1-1 training and support
- Identify and engage with Community Partners to increase culturally responsive, evidenced-based practices including opportunities with an emphasis on extended learning time and opportunities

Goal 3:

These actions also include:

- Implement Trauma-Informed School Practices at all Tk-12 grade classrooms in the district. These practices include:
 - Break Space available in every classroom for every student
 - Recovery Space is available in every “buddy” classroom for every student to self-select to take a break in another classroom for a ‘re-set’
 - Well Space/Wellie Space/Calm Room breaks are available to every TK-12th grade student at every school as either a student or teacher-requested Tier 2 intervention
